

Open Meeting

Wednesday 28th April 2010

Personalisation

10 am (registration) to 1pm (with light lunch)

Function Hall

Carlisle Business Centre

Personalisation is a major development in social care services [described by the Department of Health](#) as meaning that “every person who receives support, whether provided by statutory services or funded by themselves, will have choice and control over the shape of that support in all care settings.”

An event for Older, Disabled & Deaf People:

A series of presentations, reports & discussions – A chance to make your voice heard in planning new ways that services are delivered.
